3. Took note of the verbal report of the BSEC-URTA Management Council,
4. Thanked the host of the meeting, AIRCA, for its comprehensive presentation on the road transport system in Armenia, and suggested assistance of the BSEC-URTA International Secretariat in helping the carriage of dangerous goods by Armenian hauliers until Armenia joins the ADR Agreement, based on the experiences of other Member Associations,

In this connection, exchanged ideas on how markets should be protected from neo-protectionist measures introduced, emotionally, and the irrational price competition and damping environment that destroys the existence of true transport operators in the market. And called for governments to implement IRU's 6-R rescue strategy as a priority,
6. Evaluated the conclusions of the BSEC Public-Private Round Table on Implementation of the MoU on Facilitation of Road Transport of Goods (MoU-F) and Third Meeting of the Steering Committee of the MoU-F (SC.F), which met in Istanbul on 10 and 11 February 2009, respectively, and reviewed the BSEC-URTA strategy with respect to forthcoming meeting of the SC.F in Istanbul on 22 June 2009,

Requested the Member Associations from non-signatory states, yet, to contact again their competent authorities with the request of their signing this important regional agreement. Requested the International Secretariat to follow up and coordinate actions of the Members on this matter and present a progress report to the next meeting of the General Assembly,

<sup>1</sup> Adopted unanimously unless otherwise stated.
